### **Careless Cooking Found to be the Cause of Humboldt Apartment Fire**

**Green Bay, WI, February, 1<sup>st</sup>, 2012**—The Green Bay Fire Department Fire Marshal's Office has determined that the fire that occurred on 01/21/2012 at 2686 Humboldt Road was the result of unattended cooking. One occupant of the apartment where the fire occurred was rescued from the blaze by Green Bay Firefighters shortly after they arrived. That individual is still hospitalized at this time.

The Green Bay Fire Department reminds residents that cooking is the #1 cause of fires in the United States and to **ALWAYS** stay in the kitchen when cooking.
