Green Bay

Tall Ship Festival

Green Bay hosts a three-day Tall Ship Festival held on the grounds of Leicht Memorial Park. More than a dozen tall ships from coast to coast and overseas docked here, filled with entertainers and artisans highlighting Green Bay's rich maritime history. The 2006 Baylake Bank Tall Ship Festival, the largest nautical festival in Green Bay's history, coincided with the Tall Ships Challenge Race Series. More than 100 media articles and stories of the event have showcased Green Bay as a beautiful, exciting, international port city.

More than 50,000 people attend this event, plus thousands more viewing from the bridge, the river's edge and by boat.

Come see us! It's All Here!
