

**Public Notification  
Proposed Amendment to the  
City of Green Bay  
Smart Growth 2022 Comprehensive Plan  
(CPA 12-01)**

The City of Green Bay Plan Commission will hold a public hearing on Monday, January 23, 2012 at 6:00 p.m. at City Hall, Room 604, 100 North Jefferson Street, Green Bay, WI 54301. The hearing is regarding the following proposed amendment to the City of Green Bay Smart Growth 2022 Comprehensive Plan (CPA 12-01): a request to revise the future land use map (Figure 22-2) from "Medium Intensity Retail, Office or Housing" to "Parks" and the remaining portions of the "Medium Intensity Retail, Office or Housing" to "Low Density Housing." The request includes 16 city-owned parcels totaling 1.82 acres located on the 1400 & 1500 Blocks of Main Street.

This comprehensive plan amendment is proposed to retain the greenspace along Main St. The map of future land use is proposed to be made consistent with the desired land uses.
